National Institute of Technology  
Warangal, Telangana  
Pincode - 506004

Life is just another game with  
different levels and different arcs.  
You never really fail till you stop trying!

## VISION

As an indie game studio, we aim at providing a wholesome and immersive gaming experience to our players. We aspire to expand our horizons in the field of Virtual Reality & Augmented Reality and publish our games to consoles like PlayStation, Xbox and Nintendo.

To be the most creative, innovative and dedicated is our goal and having universal reach our target.

# ABOUTUS

Gbit Studios is comprised of individuals who share a common passion and love for making games. We design and develop games from scratch for the various niches of the gaming world, learning and growing together in the process.
